

LANDING PAGE COPY

Converting Landing Page Copy for a Fintech Product Launch

CLIENT: PAYSWIFT INDUSTRY: FINTECH

Full landing page copy for a payments startup launching its SMB product — headline, value props, feature breakdown, and founder letter.

Developed the complete landing page for PaySwift's SMB product launch. The copy included a conversion-tested headline, three-tier value proposition, competitive feature comparison, trust anchor section with logos, and a closing letter from the founder. The page achieved a 4.8% conversion rate in its first month — 2.2x the client's previous benchmark.
