The Complete Guide to Product-Led SEO for Early-Stage Startups

CLIENT: GROWTHLAB

INDUSTRY: MARKETING SAAS

A 3,000-word pillar page covering product-led SEO strategy, programmatic content, free tools as lead magnets, and measuring organic growth.

This comprehensive guide explained how startups can use product data, templates, and free tools to build SEO moats without a dedicated content team. It included step-by-step frameworks, real startup examples, and a checklist for getting started. The post became the client's top organic landing page within 90 days and continues to generate 2,500+ monthly visitors from search.
